

Unique as Pete: How Autism Does Not Mean Different

BIOGRAPHY

Creative Underground

Helping others who have a passionate message to tell the world is one of the many goals of the Creative Underground. Founded in 2005, the Creative Underground is a network of artists, musicians, writers, designers, performers, and other creative people who have a wide range of talents who, when put together, serve the promotional needs of our clients.

The Appreciating Autism book series was the main fundraising project proposed by the Creative Underground to the Autism Society of North Central Indiana's South Bend Chapter, that they may reach their goal to open a much needed ABA Therapy center in Northern Indiana. Though book publishing was uncharted territory for the Underground, the group welcomed the challenge.

After wrapping up *Unique as Pete*, the group is excited about the second book in the series which will cover different therapies available with an unbiased approach. We look forward to the success of this book series on behalf of the Autism Society of North Central Indiana, South Bend.

Thank You & God Bless,
